Ignite Your Creativity

One Day Workshop – Secret of Creative Thinking

Do you wish there was an easy way to be more creative at work?

Do you want to find solutions faster?

Do you want simple steps that will improve your creative thinking skills in one day?

We bet you do!

We designed the “Ignite Your Creativity” workshop, a hands-on leadership training packed with tools that will change your thinking and help you reach your organizational goals.

We know that having a step by step approach to creative thinking, innovation and problem solving saves you valuable time to ensure you make the most of every opportunity.

You will discover:

- **How to tailor your approach to innovation and problem solving to foster a creative culture that suits your organization.**
- **How to develop collaboration and lead your team to sustainable high performance and success.**

This one day workshop will give you the tools and strategies to develop a collaborative team that seeks out results, and will leave you feeling re-energized in the process.

Christine creates change and delivers results.

Facilitator

Christine Melchior, founder of CM Creative Solutions Ltd works as a creativity consultant delivering uniquely designed training programs in the fields of creativity and innovation. She specializes in creative leadership development training, structured problem solving and applied group thinking.

Christine has worked for over 13 years as Design Consultant, Artist, Business Mentor, and a Trainer. With recent experience in government and community organization development. She empowers individuals at both a personal and organizational level using visual art to spark creative solutions.

She undertook business studies in Germany and graduated with her MBA from the Waikato Management School, University of Waikato in New Zealand.

Throughout her MBA, Christine completed research in the field of facilitation of creativity and innovation in New Zealand organizations. Her findings and passion for combining business and art inspired her to explore the benefits of using art forms to improve organizational and team performance. Her arts-based leadership training workshops are ground breaking, using current tools and strategies to deliver transformation at the highest level. Recently, she has been developing programs for New Zealand regional and local government organizations, at the MBA and Corporate and Executive Education training, and programs at the University of Waikato.
